Message from the President of TfSP

February 11~12 could be one of our more important Membership meetings. As you know, the State Budget is a big concern for all State Services, including our Texas State Parks.

Depending on the depth of the cuts (and there will be big cuts in State funding), our Parks will feel it from employees to how we do business. It might even come to the point of some of our Parks having to close. At this time, nobody knows how this will all play out.

You will need to be advised by TPWD Officials, Members from the Legislature, and workshops on how to protect all of our Parks, as well as your own. This is what we are striving to do in this year's meeting.

There is registration information in this edition of our newsletter and you will need to make sure you have someone from your Friends Group, your organization, or yourself as an interested person on hand.

We plan on having workshops on funding of the Park system, networking between Park groups, and having a platform for you to show off your Park. We will have computer, projector, and a sound system there if you have a presentation on your Park to give on Friday night.

I hope to see you in Austin at McKinney Falls State Park. Plan on being there!

John Cobb, President

You are Invited to Texans for State Parks 13TH Annual Conference!

The meeting will be February 11-12, 2011 at the dining hall in McKinney Falls State Park in Austin.

We will begin the evening of February 11 at 6:30 for a 'Meet & Greet' reception and 'Brag Night'. Hot soup and finger foods will be provided, and park Friends Groups are invited to present short programs on their activities.

The business meeting and program will begin at 8:30 Saturday morning with late registration and coffee. The program will begin at 9 AM. A BBQ lunch will be served in the park on Saturday.

If you'd like to make a presentation about park friends groups or other volunteer activities Friday evening, please e-mail leevans@texas.net so we can plan for a timeframe for the programs. If we have more programs than we have time for Friday evening, we will finish Saturday either during lunch or in the afternoon. A projector and computer will be available for programs.

Much of Saturday's program will focus on the impact the Legislative Budget Board's recommendations will have on the State Parks and their programs, and how what we can do to help minimum impact of the budget reductions on parks and the communities where they're located.

The afternoon will include workshops on topics to be announced.

By the date of the meeting we will be prepared to provide everyone with the legislative members of the Culture, Recreation, & Tourism Committee and other contact information as well as information showing the economic importance of parks to various local communities.

You are encouraged to participate in the meeting, and to invite any members of the community, local officials such as mayors, county commissioners and others that are interested in working with their legislators. They might be interested in helping communicate to them the economic and other benefits the parks provide to their communities.

A registration form is included below, and you can also find registration information and developing program information on the website, www.texasstateparks.org, as we confirm times and program presenters.

Directions: McKinney Falls SP is located 5808 McKinney Falls Parkway, Austin, TX 78744. It's 13 miles southeast of the State Capitol in Austin off US Highway 183. Parks Officials Evaluate LBB Recommendations

The Legislative Budget board has made their budget recommendations for Texas Parks and Wildlife, proposing to cut more than \$14.5 million next year from State Park Operations, Parks Minor Repair Program and Parks Support.

Their recommendations include closing or transferring seven parks and the closure of 2 regional offices. (It doesn't specify which parks or offices). The LBB also recommends reducing funding for vehicle and equipment replacement in 2012-13; recommends a 25 percent reduction in park programs for business development, cultural and natural resources, interpretation and exhibits (including 15.4 FTE reductions) and a \$2.3 million decrease to defer minor repair projects

Department officials and staff continue to study the budget recommendations to determine what actions would be necessary to meet the LBB's numbers and what alternatives may be available to offset some of these recommendations.

At the TfSP annual meeting you will have the opportunity to hear more from P&W officials after they've had more time to evaluate the LBB recommendations. We will also discuss how we as park supporters can work to inform our legislators of the impact some of these actions might have on your park and your community in order to ensure that parks' cuts are held to a minimum.

Major Celebration of Texas Independence Slated for Feb. 26-27 [click title for more]

Close to a thousand historical re-enactors and descendants of the original signers of the Texas Declaration of Independence, including special guest U.S. Sen. Kay Bailey Hutchison, are expected to gather at Washington-on-the-Brazos SHS on the banks of the Brazos River next month to celebrate the 175th anniversary of the state's independence.

The free, two-day festival takes place from 10 a.m. to 5 p.m. Feb. 26-27 at [Washington-on-the-Brazos State Historic Site](#) to celebrate the birth of the Republic of Texas.

The celebration at the 293-acre park along the Brazos River transports visitors back to the time when Texas was a sovereign nation. Costumed re-enactors and members of the Texas Army, along with skilled craftsmen and talented musicians, fill the park as the Lone Star State commemorates its inception. On both days, vendors will be selling food and drinks.

Both Saturday and Sunday, visitors will be able to enjoy a performance of "The Texas Convention: The Birth of a Republic," by the Navasota Theater Alliance in the park amphitheater.

Washington-on-the-Brazos State Historic Site is located between Brenham and Navasota off State Hwy. 105 and FM 1155, approximately one hour northwest of Houston. For directions or more information, call (936) 878-2214.

A schedule of other upcoming Texas 175th anniversary events, such as the San Jacinto Day Festival and Battle Reenactment on April 16, are available at: <http://txindependence175.org>.

Association of Partners for Public Lands Convention & Trade Show

The Association of Partners for Public Lands (APPL) is a national 501(c)(3) umbrella organization of nonprofit groups that support public lands. Compadres del Rancho Grande, Friends of Big Bend Ranch SP Welcomes Volunteers.

Greetings from Compadres del Rancho Grande, friends of Big Bend Ranch State Park. As friends of the parks of the Big Bend country, we know a place where the night skies are the darkest, the silences are long and adventures loom large. We have experienced a place where capturing a rare glimpse of a bighorn sheep, rafting the legendary Rio Grande or putting a 2nd spare tire to use en route (perhaps even on the same day!) are real possibilities.

If you would like to volunteer your time to help improve park infrastructure at Big Bend Ranch State Park or if you are in a position to make a contribution to Compadres del Rancho Grande for the parks of the Big Bend country of Texas, please visit www.bigbendcompadres.org or contact me directly at 432-386-6929.

Warm regards and abundant adventures from Leslie Hopper, Chair, Compadres del Rancho Grande, P.O. Box 164, Fort Davis, TX 79734, info.cdrq@gmail.com, 432-386-6929.

Far West Texas Wildlife Trail Debut Marks Milestone [click title for full article]

Some of Texas' most remarkable natural history and most iconic wildlife can be found at sites featured on the Far West Texas Wildlife Trail whose debut this month completes a statewide wildlife trail system launched 15 years ago to bolster birding and other forms of nature tourism.

The Great Texas Wildlife Trail system's ninth and final trail spans the vast reaches of West Texas – from El Paso to the Permian Basin to the Big Bend — and features 10 driving loops and 57 sites.

The state's wildlife/birding trail maps can be purchased for \$2 each from the Texas AgriLife Extension Bookstore. The set of nine maps can be purchased together at the discounted price of \$10. The maps will guide you to more than 900 distinct birding and wildlife viewing sites throughout Texas. Each map includes driving loops, and each site is designated with a unique highway sign and site number corresponding to the map. The maps also have information about the wildlife likely to be found at each site. For more information, visit TPWD's Great Texas Wildlife Trails website. <http://beta-www.tpwd.state.tx.us/huntwild/wildlife/wildlife-trails/>

For information on the Texas Heritage Trails visit the Texas Mountain Trail Region (www.texasmountaintrail.com) and Texas Pecos Trail Region (www.texaspecostrail.com) online.

Don't forget to send e-mail or other address changes to leevans@texas.net so you will continue to receive news and information about the State Park System.

Selected news items from various sources are edited and forwarded by Texans for State Parks. If you have news or an event you would like to include, send it to leevans@texas.net.
